You can view current location weather in Celsius or Fahrenheit.
Web link: https://weatherlocationweb.netlify.app/
Code: https://github.com/JoseGarcia1994/WeatherApp.git

2020 - Currently Working
Herbalife Customer Service Representative
- I worked as a sales order agent, responsible for taking orders from independent distributors.
- After two weeks, I transitioned to a role in member services where I assisted distributors in achieving growth and supported the training team in testing new tools.
- In August 2022, a new position as a VFS (Virtual Floor Support) agent was opened, where i provided support to agents and answered distributors' inquiries.
